

## Suggested Supplies for Students entering 8th Grade

The following supplies are suggested to ensure the success of your child for the following school year. The supply lists are grouped by subject area and your child will not be in *every* class. Students placed in READ180 are aware of their placement. If you don't know your child's elective placement, you may want to wait to buy supplies for their elective class after you find out which elective they've been placed in.
